Subject: RE: OPRA Front Office Transition

Sadie,
Looks okay to me. I am principally interested in the Money Mgt Workgroup. I am fine with Darcy as the lead.

Thanks,
Diane

Fyi and your quick feedback for my use at the OPRA meeting this morning. Anything left off the list that you can think of? Any thoughts about the proposed leads? Please let me know before 830 if possible. Thanks.

Subject: OPRA Front Office Transition

Directors,

Callie and I went through the key issues/projects OPRA is currently working on and identified the proposed leads from the front office on these items. Here they are:

OPRA Current Key Issue Front Office Lead:

- Uintah & Ouray Air Coordination – Callie
- UT SIP Improvements – Callie
- TAP Workplan – Callie
- Wind River NPDES Permits – Callie
- Dewey Burdock UIC – Callie/Darcy
- Wind River Grant/TAS issues - Darcy
- Uinta Basin Energy Strategy – Darcy
- Permit Consistency Workgroup – Darcy
- Money Management Workgroup Champion – Darcy

- Water Program Steering Committee – Darcy
- White Mesa – Darcy
- MHA/Bakken – Darcy
- RCRP Realignment – Darcy
- State Midyears - Darcy

We'd like to hear from you on Monday if this works for you all and if we've left any key items off the list that we need to consider.

For those thinking about the PARS midyear process, I'll be responsible for conducting the midyears with significant input from Callie.

Callie will retain the lead for the Clean Power Plan, and will continue as the front office subject matter expert in Air and Tribal.

Hope this is helpful for our discussion on Monday. Also, Callie and Carl have an RA briefing that conflicts with our Monday meeting. Since I can't make changes to the current invite, I'm sending a new invite to start 15 minutes earlier.

Thanks!

D
